## Invitation

We cordially invite you to join us in Hyderabad, INDIA on 14<sup>th</sup> to 16<sup>th</sup> December, 2016 for the first edition in the International Conference Series of **Coatings, Thin Films , Multi Layer Devices & Systems**. We have designed special sponsorship packages for you. We seek your help and generous support to organize this event in a befitting manner at NFTDC Hyderabad. Please do write to us and visit our website for more details. We look forward to meeting you in Hyderabad.

### About NFTDC

NFTDC is an autonomous and self financing R & D institution under the aegis of Ministry of Mines, dedicated to the development of Advanced Materials + Innovative Processes on the one hand and Engineering Design + Analysis and Electronics + Instrumentation + Control leading to component and systems development & integration on the other. NFTDC is an unique Technology Centre, in that it is a multi disciplinary knowledge domain based institution which enables the centre to undertake complex technology development endeavours as interdisciplinary projects involving both knowledge creation (scientific know-why) and knowledge integration (technical knowhow). NFTDC's uniqueness also stems from its three genetic characteristics, namely (i) self financing nature, (ii) its multi disciplinary all executive Human resource and (iii) R & D policy of applied R & D as contract / sponsored research oriented to needs of user agencies.

### Symposium Themes

- Coatings, Thin Films and Multi Layer Materials for Surface Engineering & Substrate Protection
- Multi Layer Materials & Processes for Energy Devices
- Multilayer Materials and Processes for Sensors
- Multilayer Coatings for Biomedical Devices
- Materials, Processes for Electronic Devices
